TO: ALL LUCAS COUNTY PARAMEDICS

FROM: Jonathon Ziehr, NREMT-P
Lucas County EMS Continuing Education Program Administrator

DATE: March 20, 2017

SUBJECT: **Continuing Education – April 2017**

During the month of April we will spend the majority of our time reviewing **Endocrine and Neurovascular Emergencies**. We will take an in-depth look at common emergencies that arise pertaining to the Endocrine System and review the frequently used Refusal / Treat and Release protocol. We will also review some of the common Neurovascular Diseases that present to pre-hospital providers. During each presentation we will highlight many of the latest technologies, therapies and medications being rendered today.

In preparation for April CE I ask that you take time to review the following protocols:

- **Tab 100; Section R: Refusal / Treat and Release**
- **Tab 500; Section E: Blood Glucose Analysis**
- **Tab 900; Section E: Altered Mental Status**
- **Tab 900; Section V: Seizures**
- **Tab 900; Section W: Stroke / CVA**
- **Tab 900; Section BB: Hypo- / Hyperglycemia**

I look forward to seeing you in the coming month. If you have any questions or comments please feel free to contact Brent, Aislinn or myself.
