SUBJECT: **Continuing Education – October 2018**

---

As we continue into the fall season, continuing education for Lucas County EMS during the month of October has been prepared. We will review **Respiratory Emergencies** with a focus on the assessment of patients with complaints of “difficulty breathing”. We will then review **Drowning / Submersion-Immersion Injuries** highlighting the difference between “cold water drowning” and “warm water drowning”. Please take time to review the following protocols in preparation for October CE:

- **Tab 900 Section L: Drowning / Submersion-Immersion Injury**
- **Tab 900 Section U: Respiratory Emergencies**

I look forward to seeing you in the coming month. If you have any questions or comments please feel free to contact Brent, Aislinn or myself.
