SUBJECT: **Continuing Education – January 2020**

As we rapidly approach the end of 2019 I wanted to take a moment to wish each of you a safe, healthy and enjoyable holiday season. All your hard work, dedication and willingness to learn new material, review the old and continue to develop internally is much appreciated by the education team at LCEMS. *Together*, we will continue to push the needle.

During the month of January 2020 we will review **OB Emergencies and Neonatal Resuscitation**. In preparation for January CE I ask that you take time to review the following protocols:

- **Tab 900; Section N: Gynecological / Obstetrical Emergency**
- **Tab 1100; Section L: Neonatal Resuscitation**

I look forward to seeing all of you in 2020. If you have any questions or comments please feel free to contact any of us at LCEMS education.
