SUBJECT: **Continuing Education – March 2020**

---

Springtime is on the way! As we rapidly approach the month of March it is time for you to begin preparing for the coming month's continuing education. Throughout the month of March we will review Neurological Emergencies (with a focus on seizures), Endocrine Emergencies and Infectious Diseases. As you prepare yourself I ask that you review the following protocols:

- **Tab 900; Section V – Seizures**
- **Tab 900; section BB – Hypo- / Hyperglycemia**
- **Tab 300; Infection Control Policy**

I look forward to seeing all of you in March. If you have any questions or comments, please feel free to contact any of us at LCEMS education.
