### Minute Approval

The minutes from the August 5, 2019 meeting were made available for review. The minutes were approved as written.

Dennis announced that Barbara Timoff had retired. The committee congratulated Barb and thanked her for her dedication.

### Old Business

Barry discussed the Elegard.

Chief Price stated that training was held on August 8<sup>th</sup> for the ESO System at Owens. He stated that there was a patching to use the QA process on individual runs and not tamper with the other runs that are unique to each department. ESO is looking at holding neighborhood quarterly training sessions.

### New Business

Dr. Lindstrom reported that he has been working with ProMedica to share patient outcome data with Lucas County EMS. This is currently with ProMedica Legal Department and should be moving forward.

Dr. Lindstrom discussed the pharmacy shortages. Chiefs were sent e-mail regarding the shortages and is working with hospital pharmacies to fill the gaps.

Dr. Grider expressed some concern with UTMC becoming a Level 3 Trauma Center. To further complicate this, he stated that the Neuro Surgeon went on leave. He isn't sure when he will return.

Dr. Brookens discussed the MCI incident in Sylvania. It was his first time in the field triaging an MCI incident. His question was triage tags versus triage color tape. Triaging the patients was challenging because of the special needs victims. But overall, he stated the incident went well. There was discussion as to the lack of an OH Trac incident being initiated. In the future, Dispatch will enter the incident regardless of timing of patients being transported.

Chief Price reported that an RTF exercise was going to be held on Election Day, November 5<sup>th</sup>, at Waite High School. He also reported that Allison Armstrong had been promoted to Battalion Chief of the EMS Bureau at Toledo Fire.
