Thank you for evaluating the OnBase API Certification solution from Hyland Software, Inc. ("Hyland"). It is with great pleasure that I provide ("Lucas County, Ohio") Lucas County Information Services with the following proposal. The following provides a preliminary, yet solid foundation to implement a cost-effective solution for Lucas County Information Services and its customers.

Designed to meet the evolving needs of our more than 15,000 customers, OnBase is one of the most flexible and scalable ECM products on the market today. Combining deep document imaging, workflow and business process management functionality with purpose-built features designed by people with proven industry expertise, OnBase is tailored for departments and comprehensive for the enterprise. Hyland is committed to providing a complete, tailored and primarily point-and-click configurable solution specific to your requirements that solves business needs that rely on documents, content and people to help organizations run better, smarter and faster.

Our proposal was formulated based on the requirements provided to date. As your requirements evolve, we will conduct discovery meetings to validate those requirements and provide additional information to your project team.

Once again, thank you for your interest in OnBase. Please do not hesitate to contact me in the event that questions arise during the review process.

Best Regards,

Matthew Bogard
